

APPENDIX – VII**SPECIAL INSTRUCTIONS FOR THE USE OF DETONATING (FOG)
SIGNALS AT STATIONS TO INDICATE TO THE LOCO
PILOTS OF APPROACHING TRAINS THE LOCATION OF A
SIGNAL**

(See General Rules 3.59 to 3.64 and SRs there under)

1. Station Detonators Register:-

At _____

Instructions

- (a) This register contains the following parts:-
 - Part I Particulars of Fog Signalmen posted at the station from time to time
 - Part II Particulars of receipt and stock of detonating (fog) signals at the station, to be filled in whenever detonators are used or received.
 - Part III Periods of fog, Fog Signalmen on duty and details of detonators used.
 - Part IV Particulars of issue and testing of fog signals at depot station, loco shed, etc.
- (b) As soon as a railway servant is posted or detailed for duty at a station as a Fog Signalman, the Station Master shall satisfy himself that he is fully acquainted with and understand the rules relating to the placing of detonating (fog) signals at stations during thick or foggy weather. As an assurance of this, the Station Master shall take signature or thumb impression of Fog Signalmen in the appropriate column of Part I of this register.
- (c) The Station Master shall ensure that the information to be maintained in this register is kept up-to-date and is accurate in all respects.
- (d) Traffic Inspectors shall check the register, as also the stock of detonators on hand, each time they visit a station and initial with date as an indication of their having done so.
